THE GOODS

I offer **three ways** to purchase images, prints and products. The most popular are **digital packages**, with this you can purchase high resolution digital negatives. This affords you the ability to keep a copy of the final retouched images that you can print as many times as you'd like in any size or on any product.

Another option is to purchase **a-la carte** prints and products, this method offers you the flexibility of ordering only the prints and products you want, individually.

The last option are **collections**, collections offer you a significant cost savings over the a-la carte prices, I offer a variety of product combinations at various price points.

Each image you purchase is individually edited, optimized, color corrected, and retouched by me, before being professionally printed at one of the top imaging labs in the nation.

DIGITAL FILES

Whether you want a single negative for a holiday card or invitation or you want a copy of your entire session, high resolution digital negatives are available for purchase with a rights release for personal reproduction.

Each digital negative comes with a full resolution file as well as a low resolution version optimized for uploading to Facebook and sharing via email.

Save up to 80% on prints with the purchase of the digital negative

1 Digital Negative	\$90
3 Digital Negatives.....	\$200
